

# Ionizing Radiation Workshop 2025

May 7, 2025 | 09:30 AM - 4:30 PM | Faculty of Informatics  
Masaryk University, Brno (Botanicka 68a, 602 00)

---

Join us for a day of in-depth exploration into the world of ionizing radiation, its applications, and the latest research findings. This conference is a must-attend for professionals, researchers, and enthusiasts in the field of nuclear science, medical physics, and environmental safety.

## HIGHLIGHTS

**Keynote Speeches:** Hear from leading experts in the field of ionizing radiation.

**Interactive Sessions:** Participate in discussions and Q&A sessions.

**Networking Opportunities:** Connect with peers, industry leaders, and academics.

## WHO SHOULD ATTEND

Professionals in nuclear science, radiology, environmental safety, and related fields, as well as academics, students, and anyone interested in the science and practical applications of ionizing radiation.
